Sophomore/Junior Form

Deb Kornegay, RACC

All Level 9, 10 and Elite gymnasts who will be Sophomores (2009 graduate) or Junior (2008 graduate), should complete a Sophomore/Junior Form. The information from these forms is combined in an excel spreadsheet and e-mailed to all NCAA schools with gymnastics programs in November of each year. Coaches, please distribute Sophomore/Junior form to gymnasts in your gym.

Judges Tips

Brock White, GA National Judge

One great tip is to put the compulsory routine you are judging down in shorthand at the top of your paper with the corresponding values for each element. That way, if something is missing you don't have to look up what to take. It is also good, if on beam, to put the warning and time for each level.

I do this for every compulsory meet and it really saves time.

The Women's Technical Committee and the Junior Olympic Development Committee met jointly following Junior Olympic Nationals. This productive meeting spent a great deal of time working to improve and clarify rules for the future. Watch for the minutes from this joint meeting to be posted on the USAG website. Some highlights include:

GENERAL

- ◆ PREP Optional rules and regulations used by a specific state must be published and/or posted on the Internet. Especially for invitationals that may involve the participation of multiple states these rules must be available to all participants. The State Administrative Committee may choose to have sub-divisions of PREP Optional. The amount of Timed Warm-up allotted per athlete will depend upon whether the specific PREP optional division is comparable to compulsory or optional routines. The *2006-2007 Rules and Policies* will have a chart showing meet guidelines for both compulsory and optional.
- ◆ Effective August 1, 2006, Levels 1-3 will have an open warm-up of 15-30 minutes and a maximum of 30 second timed warm-up. The meet format must be published in the meet information. Considering the ages of the athletes at these levels, it is recommended that the session be no longer than 2½ hours in length, including warm-up time.
- ◆ The two committees discussed signals and verbal cues. If a gymnast is competing on an apparatus and the coach instructs her by giving specific information on what to do during the routine (for example – what comes next in the routine or to repeat a missed requirement), the deduction of 0.20 is taken from the average without warning.
- ◆ There has long been some question when a judge can make a change to a score if the judge finds they have made an error in calculation. While all judges hope they never make an error, the committees felt this issue must be addressed in order to be fair to all competitors. The decision was made that once the final average score is submitted to the scoring system, it may not be changed unless an inquiry is made within 5 minutes of the end of the rotation.
- ◆ An important clarification regarding “not landing on the feet first” on vault and on saltos on UB and BB dismount and saltos on Beam and Floor was issued: If the gymnast lands on her hands and soles of feet simultaneously, a deduction of 0.5 for the fall is applied. Value part is awarded.
- ◆ Judges are often put in an uncomfortable position of being presented with an inquiry at the end of a competition that is an attempt to raise a score for the purpose of qualifying. For qualification purposes to State or Regional meets, if an athlete's AA score is 0.10 or less than the qualifying score, the coach may submit an inquiry on the event that the gymnast received her lowest score. This process does not apply for mobility purposes, or if qualification to the state or regional meet is by percentage or designated number per age group. Score changes must be made for a valid reason.

All Around News

VAULT

- ◆ There was a great deal of discussion regarding the problem of vault competition running slow due to the allowance of three touch-warm-up vaults. While the committees did not take any action for change at this time, coaches are reminded that the touch warm-ups are not required to be in competition order, and that coaches are encouraged to work together to safely expedite the touch warm-up period.

UNEVEN BARS

- ◆ Level 8 bar clarifications that a single element cannot count for two Special Requirements: One element from Groups 3, 6, or 7 and the one flight. The routine must contain two different elements with minimum of B value to meet both Special Requirements. For example, If a Level 8 performs a clear hip circle (B), then performs another clear hip with a half turn that turns prior to 10° of vertical, the requirement of two B elements (one flight or turn, the other from Groups 3, 6 or 7) has been fulfilled.
- ◆ The dismount Special Requirement for Levels 8-10 on Uneven Bars is changed to read to “salto/hecht dismount”
- ◆ Uneven bars fall time is increased to 45 seconds.

BALANCE BEAM

- ◆ A ½ (180°) pivot turn following the Scale in the Level 5 beam routine is added. No change was made to compulsory beam times.
- ◆ The Beam Special Requirement of a Dance series is deleted. The new Special Requirement for beam will be “a leap or jump requiring a 180° split (cross or side).”
- ◆ A 0.20 compositional deduction on Beam for lack of a dance series with a minimum of two dance elements from groups 1, 2 or 3 is added.

FLOOR EXERCISE

- ◆ There is a change to the Special requirement on Page 234 of the JO Code of Points: B .#1 One Acrobatic series with two (2) saltos or two (2) directly connected saltos. Saltos may be the same or different. Example: Punch front layout with 1/1 twist (C), immediate front layout (B) or Front tuck, Round-off, flic-flac, 2/1 twist

Note: It is no longer required to have a three element acro series that contains two saltos.

OPTIONAL BEAM AND FLOOR

- ◆ There is finally a clarification on lack of variety in choice of elements on page 142 and 238 for overuse of same shape. The deduction will be applied if there are:
 - More than two elements with a wolf and/or tuck position with or without turn = 0.10
 - More than two straddle jumps with or without turn = 0.20

All judges and coaches should reference the full text of the minutes for specific wording as well as additional changes and clarifications to deductions and skill values.

A special thank you to NAWGJ for all of their help at Level 9/10 and Level 8 Regionals as well as at the Level 9 Eastern Championships with supplying the auxiliary judges. *Gwyned Bius* and *June Seymour* of Georgia NAWGJ coordinated volunteers at the Level 9/10 Regionals. *Mary Ann Wallace* worked with Alabama NAWGJ to provide volunteers for the Level 8 Regionals. *Sibby Lane* of the Tennessee NAWGJ coordinated volunteers for Level 9 Easterns. Thank you!

CONTINUING PROFESSIONAL EDUCATION (CPE) REQUIREMENTS FOR JUDGES

The first year of this new cycle is rapidly coming to an end. This means it is time for a few free weekends at home with family and friends as well as it is time to file your judging accreditation annual Continuing Professional Education (CPE) record. The form to complete can be found at:

<http://www.usa-gymnastics.org/women/judging/AnnualCPERecord.pdf>

The number of CPE hours required is based on the rating a judge holds on August 1st of the accreditation year. This is an important new clarification. Therefore if a judge was not rated on August 1, 2005 they do not have to turn in CPE hours for the year August 1, 2005 – July 31, 2006. If a judge moves up to a higher rating, they will only need to complete CPE hours for the rating they held when the year began.

The chart on the form lists the actual requirements for each level. There is also a list on the CPE form of items that a judge can use to fulfill the requirements. This fiscal year runs from June 1, 2005 – July 31, 2006.

The USAG WTC recently decided that CPE hours earned in June or July can always count toward the year ending July 31st or they can count toward the coming year. This is very helpful when deciding which clinics to attend. Basically a judge can use the hours where the hours are needed. A judge can even take some hours from a clinic and count them for 2005-2006 and take different hours from the same clinic and count them toward 2006-2007. The same hours cannot be counted towards two different years.

Please remember you must retain the certificates documenting your CPE hours. The USA Gymnastics office will audit a sampling of judges throughout the country each year, so be prepared. While these certificates are not required to be sent along with your judging accreditation annual Continuing Professional Education (CPE) form, check with your SJD to be sure if your state has additional reporting guidelines.

The form must be completed and mailed by June 30th to the CPE Coordinator for your state. Be sure to file in a timely manner in order to maintain your slot for assigning. Happy summer.

NEW SKILLS PERFORMED AT JUNIOR OLYMPIC NATIONALS BY REGION 8 ATHLETES

Region 8 has a national reputation for new and original skills at the Junior Olympic level. Once again Region 8 had original skills performed at J.O. Nationals for the first time. Several Region 8 gymnasts competed a never before seen skill at Level 10 J.O. Nationals in May. Because of the originality, these skills have been added to the USA Gymnastics J.O. Supplement and will carry the name of the gymnast performing them.

Karli Jones of *Carolina Gymnastics* performed a clear hip to handstand on the high bar, to reverse hecht in pike position (Piked Hindorff) on uneven bars (Jones). The skill was awarded an "E" value.

Brandi George of *Orlando Metro* performed two original skills that will both be named for her. Both skills are on balance beam:

- From stand on one leg, swing through front aerial (George) awarded a "D" value.
- From stand on one leg, swing through side salto (George) awarded a "D" value.

Christi Fortunato of *Hayden's International Gymnastics* performed a Flic-flac with ¼ twist to side handstand to immediate 1/1 pirouette (must be continuous)-lower to optional end position, to front support (Fortunato) awarded a "D" value.

Congratulations to these outstanding gymnasts and their coaches.

JO INFORMATION UPDATE

Congratulations to all of the athletes, coaches and judges in Region 8 for the stupendous job you have done this year. Your hard work and dedication is reflected not only through the tremendous excellence in gymnastics, but also the willingness to share information and work together for the benefit of all our athletes. We have received many positive comments from other regions about our athletes, coaches and judges. Just the other day we received an email from one of the timers at JO Nationals stating how friendly and cooperative the group from Region 8 was and how she felt she needed to let us know.

This summer we will be starting our first regional trip for our top 6 athletes from JO and East Nationals. Any Level 9 & 10 JO National AA champion will be selected first and remaining spaces will be filled based on AA scores. Specifics regarding the trip will be sent to all of the qualifiers and coaches by the end of May.

We have just completed our national JO Committee meeting. Please be on the look out for the approved minutes that will be posted on line and in Technique. There are a few changes and clarifications to the JO Program

Please remember that the training camps are just around the corner. We are really in need of volunteers for the Future Stars Training Camp in Florida. This is probably our most satisfying and important camp since it will help to develop our future optional gymnasts. If you have experience in working with optional gymnasts, then we need your help. I would rather have too many volunteers than not enough. In order to provide a quality training experience all of the training camps will be limited in size. No entries will be accepted once we have reached our camp limit. Please send in your registration as soon as possible in order to assure a space in the camps. All of the funds generated from these camps go to the direct support of our Region 8 athletes.

Enclosed in this newsletter please find an apparel survey. We are asking all coaches of qualifiers to JO Easterns or Level 10 Nationals to complete the survey and return it to me. We really need to know your opinions and what we can do to make the apparel program more effective.

In closing, I want to thank each and everyone for all that you do for our athletes. It is an honor to represent Region 8 and I look forward to serving you in the future. Have a great summer and do not hesitate to contact me should you need any assistance.

Looking for **U** to Volunteer to help at our Training Camps!

Region 8 Hurricane Update Report

Deb Kornegay, RACC

Over \$110,000.00 has come into the Hurricane fund. We have distributed \$73,693.00 to gyms, athletes, coaches and judges. Please read the thank you's from these grateful recipients of the funds. Most seem to be over the hump, but still have a shortage of students. The Hurricane Committee plans to distribute the remaining \$36,000.00 in the next few months.

Anyone who had damage should contact **Debby Kornegay at DebGK@Bellsouth.net** for forms to apply for funds.

Following are some thank-you letters and a list of contributors who were omitted from the last newsletter along with a list of new contributors since the last newsletter was published.

Dear Mrs. Debby Kornegay and the
Region 8 Hurricane Committee,

Thanks for helping my mom and dad pay for my gymnastics stuff. I am going to Texas on March 3rd. I hope I get picked to go to Belgium. The check you sent me will pay for my trip.

Love,

Alexis
Elmwood Gymnastics Academy
New Orleans, LA

P.S. I sent a picture of me and my team. I am the little one on top!

Deb,

I received the check today and I was very overwhelmed. Thank you soooooo much. I wasn't expecting this amount. It was a great surprise after another visit from my insurance adjuster whom I haven't heard from since November 15th.

Thank all of you from the bottom of my heart.

Sincerely,

Jackie Latino
All Stars Gymnastics
Harvey, LA

Deb,

I got your email and wanted to let you know that I don't have any immediate needs. I am checking tomorrow on that additional insurance I was telling you about because I want to use the money you have already sent for that. You all have helped me tremendously and I really feel that I will be fine now. The money you have given me already has been a blessing. I know there are probably other gyms who need more help than I do now because my business is back on its feet again and doing good. What you have given me has allowed me to keep ahead of things and pay the big stuff. You have no idea how grateful I was for the money you have already sent and I would feel bad taking more when I am doing so good, thanks to you, Nancy and all of those people who donated to the fund.

Sincerely,

Cindy Wallace
Laniers Gymnastics

Deb,

Words cannot express our thanks to all in the region who have so generously donated to help everyone out. I am truly speechless.

Sincerely,

Terry Kruchowsky
The Brook-Lin Center for Gymnastics
Pass Christian, MS

Dear Mrs. Debby Kornegay and the
Region 8 Hurricane Committee,

Thanks for helping my family with my gymnastics expenses. It felt great to be back in the gym training again. It meant a great deal to me and my family.

Thanks again,

Amanda (T & T Athlete)
