

Full-Time Coach Needed in New Orleans, LA

The Elmwood Gymnastics Academy located in New Orleans, LA is currently looking to hire a full time optional coach for their women's JO program, starting immediately. We are looking for a candidate with high level knowledge (predominantly bars, tumbling and vault), and a desire to help enrich a growing team program. The position also requires strong spotting skills and an understanding and use of progressions. Coaching experience is preferred, but not mandatory.

Currently, the Elmwood Gymnastics Academy has 50+ team members (ranging from level 2 to level 10). Our women's artistic gymnastics total enrollment currently runs approximately 500+ members. We are located in the Elmwood business district, located in Jefferson Parish. Despite what is being said about New Orleans (proper) on the national news, our location is one of the highest points in the city and was relatively untouched by the storm. Levee breakage which resulted in massive flooding did not affect our area. Our city has never had a disaster like Hurricane Katrina hit us, but we are a resilient group of citizens and are committed to seeing this city come back better than ever!

The Elmwood Gymnastics Academy is owned by Ochsner Hospital (largest hospital group in the tri-state area) and provides excellent health and dental benefits, paid vacation, paid holiday and sick days, as well as a 401k plan and a free membership to the Elmwood Fitness Center (largest health club in the city and located just down the street from the gym). Salary is negotiable based on experience. If you or anyone within your organization is interested in applying for the position and have any questions, please contact our coaching staff @ 504-733-4496. Formal applications must be filled out on line (www.elmwoodfitness.com) and click on "about us" and then on "employment opportunities."
